Dear Capital Exteriors & Renovations,

I wanted to take a free moment to thank you for the great siding work your company did on my home. At first, I really worried about my plants being damaged, but the owner Casey, his site manager Joshua and their siding crew, went out of their way to carefully tarp all of my rose and azalea bushes an hour before the siding work began. I have received so many compliments from my neighbors and friends because my house looks like new and the siding matches perfectly to the HOA standards.

I am very satisfied with your craftsmanship and professionalism through this entire project and I will definitely recommend your company to all my family, friends and church members.

With gratitude,
